Joined Up Human Services Update

This DHHS project is being led by Disability, Housing and Community Services, in collaboration with the Department of Premier and Cabinet. It will deliver on Minister Petrusma's election commitment for a more joined up human services system.

During August, DHHS consulted with the community sector, clients and government through regional focus groups, workshops and an online survey.

The next step in the project is to build on consultation findings and to develop options and initiatives that can improve the integration of the human services system. You can read the September <u>Joined Up Human Services project update</u> on the DHHS Website. For more information, contact the Community Sector Relations Unit on 6233 4917 or email communitysectorrelationsunit@dhhs.tas.gov.au.
